

HESI A2 Nursing Program Admission Assessment

Answers to FAQs:

- Registration is completed via the [Registerblast Registration system](#). Please review your registration confirmation email for important test day instructions.
- Candidates may test at either campus Testing Center, regardless of where they intend to attend classes.
- Registration closes 72 hours before test date. The testing fee is paid at registration using a debit or credit card. There are no refunds.
- Candidates may take the HESI A2 one time per Nursing Program application period. Candidates taking the HESI A2 for the second time, must register for the “2nd Time Tester” version.
- Allow up to 5 hours for the testing session. Please arrive at 8:00 am and wait in the designated, socially distanced, area(s).
- Late arrivals will not be admitted, and no refunds will be issued.
- Candidates may wish to dress in layers to adjust for temperature comfort.
- Examinees will have no access to their cell phone or any other device at any time throughout the testing session.
- The test is web-based and will be taken on a Testing Center computer.
- For sections requiring a calculator, one will be provided in the software. No hand-held calculators are allowed per the test publisher’s requirements. Scratch paper and pencils will be provided by the Testing Center.
- There will be one, optional, short break during the testing session; examinees may bring a light snack and should not rely on the availability of the campus vending machines.
- The scored sections of the test fall under four broad categories – Math, English Language, and Science. This exam also includes the Critical Thinking and Learner Profile sections. The test set will NOT include the Chemistry, Grammar, and Physics sections.
- A printed copy of the summary of test results will be provided to each student as they complete their test session. An individual and detailed score report will be available to each student in their Evolve account, usually within 48 hours of test day.
- The test publisher's study guide for this test is *HESI Admission Assessment Exam Review, 5th edition*. The book can be purchased from the [publisher's website](#); it is also available at the [campus bookstore](#). You are not required to purchase any study materials.
