Greetings Calhoun Community College athletes! As your President, I want you to know that I am so proud of the hard work you've put in getting ready for competition for the 2022-23 school year. Without a doubt, it has been a busy year for all of us here at Calhoun, as we have added new sports programs to the College. We now have a comprehensive athletics division with 169 students competing and representing 11-sports programs.

I am also so very proud of our coaches who start early and stay late, working long hours to make our programs the best they can be. They lead by example by exemplifying the highest standards. This is what I call “THE WARHAWK WAY,” and that means we take pride in who we are and what we do. It means we have class, and we go the extra mile to represent the college in the most esteemed way in sportsmanship, academics, and citizenship.

I would also like to take a moment to recognize all of the individuals, businesses, industries, churches and various other organizations that purchased ads for the Calhoun Athletics Media Guide. We wish all of you the best as well, and we thank you for your vote of confidence in Calhoun Community College. GO WARHAWKS!

The athletic program at Calhoun Community College continues to grow and with that growth comes exciting opportunities for our coaches, athletic staff, and student athletes. Our coaches and staff work diligently to prepare CCC student athletes to compete and strive for excellence on the field, on the court, and especially in the classroom.

CCC athletic program acts as the impetus to connect the college to the community and builds support from stakeholders. Community support is an essential element needed to provide the resources and support to grow and sustain a strong athletic program. To every individual, business, church, industry, and organization, I extend an enormous THANK YOU for your present and future support.

Lastly, I encourage all CCC student athletes and supporters - regardless of the competition result - to always demonstrate EXCELLENT sportsmanship to our visiting teams, fans and the dedicated individuals that officiate our contests. Whether you are a participant, spectator, or sponsor, we THANK YOU for your presence.

I am privileged to have experienced Calhoun Athletics on every level. First, as a Warhawk fan watching my brother play baseball. Second, as a student-athlete on the 1st women’s scholarship basketball team. A dream came true when I became an instructor/coach. As a coach of multiple sports, I have been blessed with a circle of outstanding athletes and great people who played hard, earned championships and represented our teams with excellence in the classroom. As an Athletic Director, I have witnessed the return of a full range of sports programs after many were absent from the college for 21-years.

To our student-athletes: embrace the challenge, add to the legacy, and thrive in the forever relationships at Calhoun Community College. I wish the best for all of you as you compete.

Before that, he was the head coach at the Montgomery Knights MLB in 2020, Wetumpka High School Class 6A 2017-2019, and The Calhoun School Class 2A 2016-2017. Coach Powell was awarded The Excellence in Teaching Award January 2022 and 2021 Fall Initiative Beautification Service Project Honor for being an efficacious educator. He was granted the Central Alabama Basketball Official Association Coaching Sportsmanship Award in 2016 and 2018 for his sideline professionalism. Although young, Powell has over 15 years of experience and has been blessed to coach many successful players. Some of which are Courtney Forston, Dionte’ Ferguson, Clifford Thomas, Gregg Boyd, and 2x Mr. Alabama Jaderious “JD” Davidson. In addition to his stints as a head coach, Powell attained experience as an assistant at Faulkner University 2007-2009, Pratville HS 2009-2010, Jefferson Davis HS 2010-2016, and BTW Tuskegee 2019-2020 as the head assistant. Through the signing of multiple players on the high school level, Powell has developed relationships all across the Southeastern, Northeastern, and Central regions. These connections are highly helpful for networking and recruiting. Coaching is a love of his, but mentoring and helping young men graduate and become productive citizens is his real paycheck. Coach Powell know his calling, and basketball in his opinion is one of the best vehicles to use to positively impact the lives of young men. The Lowndes County, Alabama native is also a United States Navy veteran. While serving our country, he played his final days of organized basketball as a sailor before honorably completing his military service. Committed to fulfilling his duty to improve his country, Powell created the Coach P’s iCAMP where “little i’s make big impacts” and the BIG (Boys Into Gentlemen) Mentoring Program. Both programs have successfully impacted the lives of hundreds of young men since 2014.

Powell graduated high school from Jefferson Davis. As the team captain, he was known for his rebounding and defensive doggedness. The majority of his points came from either offensive rebounds or steals. During his senior year, he had a career-high game of 21 rebounds. Dedicated to setting a rebounding record, for consecutive years Powell earned several leadership awards along with the Most Rebounds Award (2000-2001, 2001-2002). As a freshman in college at Marion Military Institute, he averaged 11.8 rebounds per game and 14.4 points per game. That year he was awarded the Best Cadet-Athlete, Most Valuable Player, and Alabama Community College Conference North All-Conference Team. He ended the season ranked #2 in rebounding and #11 in scoring in the ACCC North. By dominating the boards, he set a school record in rebounding with 331 boards. The following year he accepted a basketball scholarship from Faulkner University, but after one season Powell proudly joined the Navy. He has a B.S. in Physical Education from Faulkner, and a Masters in Teaching with an Emphasis in Leadership from Grand Canyon University.

Coach Powell has been married to Shante’ for 11 years. She is a Registered Nurse, Air Force Reservist, and his biggest fan. The dynamic duo shares one daughter, Kinsley, and one son, Derrick ‘Kash’ Powell III.

The values of a program I would like to build are hard work, servant leadership qualities, as well as high character individuals. The overall culture of my program will promote a positive team environment that celebrates diversity. My goal is to help each athlete reach their full academic and athletic ability in a safe environment, while building relationships and making a lasting impact on the athletes, school, and community. I hope to instill in each of my players to have a sense of pride that comes along with being part of the Calhoun volleyball program.”
