

Zoom Phone

One app for meetings and calls

Now the Zoom app you use for meetings will also be your campus phone!

Transition a call between devices!

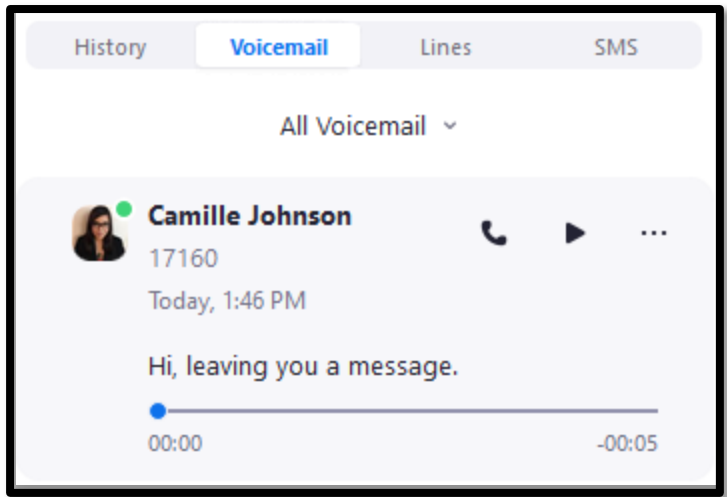

Now when you are on a call on the Zoom desktop app, you can use **Call Flip** to transition the call to the Zoom mobile app (or vice versa)!

This call should be a meeting
On an audio call and find that you want to share your screen? Use the **Elevate to Meeting** feature to convert a Zoom phone call to a Zoom meeting!

Quickly read thru voicemails
Now you'll be able to view a transcription of your voicemail messages to quickly go through your voicemails.
