

Health Science Division Nursing Programs Outcomes

	NCLEX Pass Rates	
	RN Program	LPN Program
2021	82%	99%
2022	95%	100%
2023	97%	100%

Program Completion Rate		
	RN Program	LPN Program
2020	92%	46%
2021	80%	57%
2022	92%	46%

The Program Completion Rate has been calculated as students who begin nursing classes at Calhoun and complete the listed certification/degree (this includes students who may have repeated a semester of the program).

Job Placement Rate (6 months post-graduation)		
	RN Program	LPN Program
2021	86%	45%
2022	100%	64%
2023	96%	52%

The nursing program at Calhoun Community College does not have a RN track versus an LPN track. All of our students are enrolled as 'Nursing Education' students and earn stackable certifications as they complete semesters of the program. Because we do not require our students to work as an LPN while completing their RN courses, the LPN job placement rate remains lower than the RN job placement rate.
